Asylum and Extraction in the Republic of Nauru Julia Caroline Morris, 2023-02-15 Asylum and Extraction in the Republic of Nauru provides an extraordinary glimpse into the remote and difficult-to-access island of Nauru, exploring the realities of Nauru's offshore asylum arrangement and its impact on islanders, workforces, and migrant populations. Drawing on extensive fieldwork in Nauru, Australia, and Geneva, as well as a deep dive into the British Phosphate Commission archives, Julia Caroline Morris charts the island's colonial connection to phosphate through to a new industrial sector in asylum. She explores how this extractive industry is peopled by an ever-shifting cast of refugee lawyers, social workers, clinicians, policy makers, and academics globally and how the very structures of Nauru's colonial phosphate industry and the legacy of the phosphate era made it easy for a new human extractive sector to take root on the island. By detailing the making of and social life of Nauru's asylum system, Morris shows the institutional fabric, discourses, and rhetoric that inform the governance of migration around the world. As similar practices of offshoring and outsourcing asylum have become popular worldwide, they are enabled by the mobile labor and expertise of transnational refugee industry workers who carry out the necessary daily operations. *Asylum and Extraction in the Republic of Nauru* goes behind the scenes to shed light on the everyday running of the offshore asylum industry in Nauru and uncover what really happens underneath the headlines. Morris illuminates how refugee rights activism and #RefugeesWelcome-style movements are caught up in the hardening of border enforcement operations worldwide, calling for freedom of movement that goes beyond adjudicating hierarchies of suffering.

Cambodia Now Karen J. Coates, 2014-08-23 Cambodia has never recovered from its Khmer Rouge past. The genocidal regime of 1975-1979 and the following two decades of civil war ripped the country apart. This work examines Cambodia in the aftermath, focusing on Khmer people of all walks of life and examining through their eyes key facets of Cambodian society, including the ancient Angkor legacy, relations with neighboring countries (particularly the strained ones with the

Vietnamese), emerging democracy, psychology, violence, health, family, poverty, the environment, and the nation's future. Along with print sources, research is drawn from hundreds of interviews with Cambodians, including farmers, royalty, beggars, teachers, monks, orphanage heads, politicians, and non-native experts on Cambodia. Dozens of exquisite photographs of Cambodian people and places illustrate the work, which concludes with a glossary of Cambodian words, people, places and names, and an appendix of organizations providing aid to Cambodia.

Yawn Mary Mann, 2017-05-16 The incisive and often hilarious story of one of our most interesting cultural phenomena: boredom It's the feeling your grandma told you was only experienced by boring people. Some people say they're dying of it; others claim to have killed because of it. It's a key component of depression, creativity, and sex-toy advertisements. It's boredom, the subject of *Yawn*, a delightful and at times moving take on the oft-derided emotion and how we deal with it. Deftly wrought from interviews, research, and personal experience, *Yawn* follows Mary Mann's search through history for the truth about boredom, spanning the globe, introducing a varied cast of characters. The Desert Fathers—fourth-century Christian monks who made their homes far from civilization—offer the first recorded accounts of lethargy; Thomas Cook, grandfather of the tourism industry, provided escape from the mundane for England's working class; and contemporarily, we meet couples who are disenchanted by monogamous sex, deployed soldiers who seek entertainment and connection in porn, and prisoners held in solitary confinement, for whom boredom is a punishment for crimes they may or may not have committed. With sharp wit and impressive historical acumen, Mann tells the unexpected story of the hunt for a deeper understanding of boredom, in all its absurd, irritating, and inspiring splendor.

The Deceivers Harold Robbins,Junius Podrug,2009-08-04 The knock on the door of struggling art expert Madison Dupre's low rent New York apartment is that of a Thai café deliveryman—but instead of succulent noodles, he has a rare work of art from the incredible Angkor Wat in the jungles of Cambodia. Angkor Wat, a wonder of the ancient world, is considered by many antiquity experts to be even more majestic than the monuments of the Egyptian pharaohs. Left unprotected, the vast complex has been a treasure trove for thieves who mercilessly cut off pieces, mutilating thousand-year-old sculptures with chainsaws. Madison knows there is no possibility that this artifact could have been acquired legally. That knock on her door sends her to one of the most dangerous places on the planet: Phnom Penh, the sex-sin-drug capital of the Far East. Stepping into a cauldron of murder and antiquity-looting that takes her from New York to Cambodia, Hong Kong to Thailand, Madison keeps one step ahead of temple robbers who kill as easily as they steal. She finds comfort in the arms of a soldier of fortune; tangles with a Russian model and her stud bodyguard, who introduce her to the New Eroticism; and gets entangled with a Cambodian prince whose sex moves not even the worldly Madison had tried. But how much is Madison willing to sacrifice in order to protect her priceless, irreplaceable antiquities...? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
